

CROWD OF FOREIGNERS MADE THREATS TO KILL MAN AND WOMAN

City Marshal Price Answered
Riot Call to Find a Complicated Mix-up

SHOUTING, "WE KILL 'M"

Officer Found Twenty-Six Italians in One Cottage With Blood in Their Eyes

It was a hazardous task that confronted City Marshal Price Saturday night when he answered a riot call on North Jackson street, where twenty-four "Hunyaks" are domiciled. Evidence of work of a "Black Hand" nature was found by the officer upon his arrival at the scene of hostilities.

When he entered the house, he found the score and four of foreigners chattering, jabbering and wildly gesticulating; everybody was talking and trouble was plainly written on their brows. It took some time for the blue coat to learn the nature of the trouble, and then it was only to find out that the crowd was after the scalps of one of the men and the only woman about the place, for they kept shouting, "We kill! — We kill!"

The men are employed here on the sewer contract, and together with the man and woman who conduct the establishment, twenty-six live in the little brick cottage, north of Dan Kinney's home. There has been trouble brewing in the camp for some time. As near as can be learned the

Saturday night brawl started when some of the workmen charged the parties, who have been conducting the boarding house, with having cheated them out of many dollars for board and lodging, as they have not been able to count their money. The charge was denied and a battle royal followed.

When Price walked in on them, they were simply terrified and acted like mad. In one room he found the man who was attacked, together with his wife, crouched down beside some rickety old furniture, and in the most pitiable tones, they begged the officer to save them from being killed at the hands of the infuriated laborers. The marshal tried to pacify them, threatening them, scold them and bluff them, but it fell on deafened ears; they would have none of his advice, and like hungry wolves they sneaked, crept and crouched around the room, giving voice to a threat that meant death warrants to the two of their own race depicted, and in a half audible tone repeated, "We kill 'm — we kill 'm, you bet."

There was nothing left for the officer to do but to remove the couple under death sentence. It was a deep breath of relief that the pair took once they were outside, and on their way down town, in the custody of the officer. Mr. Price took them to the Windsor Hotel for the night. There they were registered as Franko Fledish and wife.

The couple will leave the city, for they fear they would never be able to adjust matters with the men who threatened their lives. It was difficult to learn the nationality of the foreigners, but it is claimed by some that they are Italians.

EDITORIALETTES

October will be a howling nuisance if it pursues the line of conduct marked out for it by Weather Prophet Hicks.

Roosevelt began his bear hunt today. The demand for "Teddy Bruins" will probably go up a few points.

A good many candidates in this district will be "out" for Congress before the interesting race is over.

Rushville took Columbus, Indiana, by storm Saturday. Congressman Watson made many friends by modestly conceding the Fourth district to "their own Hugh Miller" and the Rushville high school foot ball eleven took the scalps of the Columbus lads on the gridiron.

The "floating" of Thomas Brown Saturday by Judge Sparks, will in all probability, prove the best disposition of the case, for while prisons are absolutely necessary for the safety of society, two years association with older and hardened criminals, often calouses a young man's pride and with the stain of a prison sentence, which invariably comes to light, no matter where they live afterwards, handicaps one the remainder of life. It is sad indeed that any young man should commit an act which will jeopardize his liberty, but it is sadder when he is sent away to wear the stripes of disgrace, where too often all ambition is stunted and love of morals dwarfed.

FACE PAINFULLY INJURED IN FALL

Jacob Stewart Met With Accident at Reed's Elevator Saturday Afternoon

Jacob Stewart, aged 55 years, an employee at Reed's elevator, while working on top of a grain bin Saturday evening, fell, striking his face against a rod, receiving painful, but not serious injuries.

It was thought at first that the bones in Mr. Stewart's face were broken, but an examination by local physicians found the man in no dangerous condition.

Mr. Stewart was up and around today, but hardly able for duty.

NOT CITY BROKE, AFRAID OF CARS

Rush County Citizen, Sixty Years of Age, Afraid of Trac-tion Cars

John Ebbing, a man of some sixty years, living near Moscow, was in this city today, and a number of his acquaintances tried to induce him to go up to Third street to see a traction car on the I. & O. line. The aged man, who is a character of the old school, bearded and small in stature, has never set eyes on an electric car, either a street or interurban car, and the chances are that he never will.

When one of his friends took him by the arm and asked him to go and see the Connersville Dispatch go through, the old fellow raised quite a big row for a small man. He declared that he did not want to go near the infernal thing that was killing people every day.

THE BENNETT JUVENILE SEXTETTE AT THE GAME

One of the best games of the season, between the Reserves and Regulars was played at the South Main street grounds yesterday, and resulted in a victory for the latter by a score of 6 to 3. A large crowd cheered the victors and joined the Bennett Juvenile Sextette in the "royal kidding and joking division."

A. L. Allen was a visitor in the Capitol today.

YOUNG PEOPLE'S RALLY PROVED A BIG SUCCESS

The Young People's Rally at the U. P. church was all and more than the society hoped for. The attendance was large and everything went with the old time vigor. Miss Iva Brown sang a solo that was very much appreciated by the audience. Everyone went home feeling that the society had taken a new lease on life and bright prospects of usefulness was in store for them.

THOMAS BROWN IS FLOATED BY SPARKS

Young Man Convicted of Shoot-ing John Peters Escapes a Prison Sentence

Thomas Brown, the young man who was found guilty by a jury last week of an attempt at voluntary manslaughter, was released late Saturday evening and "floated" by Judge Sparks.

The sentence of two to fourteen years still hangs over the young man and at any time the court sees fit, he can be arrested and sentenced without a trial.

The "floating" process has proven a great corrector with evil doers, for the release carries with it restrictions on the conduct of the party, which keeps them in the "straight and narrow" path.

DEATH CLAIMS A WIFE AND MOTHER

Former Rush County Woman Succumbs to Relentless Reaper at New Castle

Mrs. Ruth VanCamp, wife of Pink VanCamp, formerly of New Salem, and well known in this city, died at her home in New Castle Sunday morning at 1 o'clock.

Deceased was an aunt of Mrs. Harvey, M. Cowing, of this city, who was at her bedside when death came. Deceased leaves a husband and two daughters, Nellie and Wilma.

Mrs. VanCamp was born on a farm in Franklin county, forty-nine years ago, where she was reared to womanhood, coming to Rush county after her marriage.

The kind and generous disposition of this noble woman won her lasting friendship among all persons with whom she associated. The influence of her life will be felt long after her departure, not only by her relatives, but by the great circle of acquaintances and friends who knew and admired the striking characteristics which she possessed.

The funeral services will be held in New Castle and the remains will be brought to this city tomorrow afternoon at 3 o'clock. The burial will occur in East Hill cemetery upon arrival.

WATSON PLEASED THE LARGE COLUMBUS CROWD

Columbus people pronounce Con-gressman Watson's Home Coming celebration speech last Saturday the best of its kind ever delivered in the State. It should be a great source of pride to Rushville people to even anticipate that one of her worthy sons might some day travel to the North and the South and the East and the West and as Governor of Indiana be able to add luster to this State before great assemblages with powerful addresses.

Bert Mullin made a business trip to Indianapolis today.

PIKE CONTRACT AWARDED TODAY

County Commissioners Also Award Contracts For Two Bridges in Rush Co.

LOCAL MERCHANTS IN LINE

With Bids to Furnish Provisions For County Poor Farm This Winter

The county commissioners met today in regular session at their rooms in the court house and did quite a little business.

There were two bridge contracts awarded. The building of the Hinchman bridge was let to Curtis Lore at \$28. McNeilly received the contract for the Oneal bridge at \$295, but turned it over to Phil Wilk.

The contract for the James A. Williams pike, known as the old McCoy road in Noble township, was awarded to Amos W. Stevens at \$4383. James W. Amos was appointed superintendent of construction and Lon Stewart as engineer on the building of pike.

Provisions were made to supply the poor farm with necessary supplies, and the contracts were awarded as follows: Groceries, Rush County Grocery company; meat, Weeks' Fresh Meat company; clothing, Blis & Cowing; shoes, Cassidy & Cox; dry goods, Maunzy & Denning; and coal, William Dagler.

Ralph Stifler was appointed to scholarship in Purdue University in place of the late Harry Webster, of Manilla, who died last week.

BIG CONVENTION TO BE HELD HERE

Women's Relief Corps, of Fourth District, Will Meet Here Wednesday

SOCIAL IN THE EVENING

Local Lodge One of Oldest in State—Organized Thirty Years Ago

The Woman's Relief Corps of this city, is making arrangements for one of the great days in the history of their organization for Wednesday.

The district convention of the Fourth District will meet here on that day, and it seems that it would be well worth the price of admission for an individual to hear a man who receives over one hundred dollars an hour for a display of his talents.

It is expected that several State officers will also be present at this meeting. The convention will be held in the K. of P. hall and continue the entire day.

At night the lodge, assisted by the local camp of the Patriotic Sons of America, will have a social with an exceptionally good program at the K. of P. hall.

The local lodge is one of the oldest in the State. It was organized thirty years ago last August by Mrs. Clara Johnson, now of Indianapolis, but formerly of Connersville. The first president was Miss India Hackleman, daughter of the late General P. A. Hackleman.

Lewis Frazee, a student at De-Pauw University, is the guest of his parents, Mr. and Mrs. John P. Frazee.

Mr. and Mrs. E. L. Kennedy, of East Sixth street, returned today from a delightful visit at Washington, D. C.

FARMER MAKES MONEY IN SUNFLOWER SEEDS

Most people would not regard sunflowers as a very valuable asset, says the Shelbyville Liberal, but John S. Thurston, of this county, finds considerable profit in looking after the seed from a large number of the flowers he raises each year. He delivered seven big wheat sacks filled with the sunflower seeds to W. V. Dorsey Saturday, and receives 2½ cents per pound for them. The seven sacks yielded him \$7.50.

GLASS INCREASED IN MEMBERSHIP

Opening of May Donnan Literary Class Saturday Was Most Encouraging

The class in the study of "Prose Fiction," under the leadership of Mrs. May W. Donnan, of Indianapolis, held its first meeting in the Social Club rooms Saturday afternoon. The membership is largely increased and the work planned promises to be of even greater interest and value than that of previous years.

Mrs. Donnan reviewed briefly the late books of Mm. DeMorgan, "Joseph Vance" and "Alice-for-Short." Critics say these books have placed their writer head and shoulders above most English or American writers. In "Joseph Vance" he has created one of the great imaginative characters of fiction, and these books are refreshing reminders of favorite volumes of Dickens or Thackeray. The next meeting will be held Saturday afternoon, October 19th, at 2:30 o'clock.

OVER ONE HUNDRED DOLLARS PER HOUR

Is the Price Paid For Artistic Work of Frederick Warde, Lecturer

Tonight at the Methodist church, Frederick Warde, the foremost reader of Shakespeare in this or any other country, will appear and Rushville people should turn out in large numbers to hear this brilliant man. No one on the lyceum stage has a more commanding personality than Mr. Warde, and his lecture tonight on "Shakespeare and His Plays" will be delivered in such manner that everyone will be interested.

It might be well to state again that Mr. Warde is the highest salaried artist that ever appeared in this city, and it seems that it would be well worth the price of admission for an individual to hear a man who receives over one hundred dollars an hour for a display of his talents.

—Mr. and Mrs. A. W. Tompkins, of Indianapolis, spent Sunday and Monday with relatives in this city.

—Rev. Walter Campbell, of Louisville, Ky., is visiting relatives here.

FOUR COWS WERE POISONED AND PARTY IS NOW UNDER SUSPICION

Dr. Todd Made Post-Mortem Examination Finding Strychnine

VETERINARY TURNS SLEUTH

Says He Can Round up Guilty Party With Assistance of the Druggists

Saturday morning four fine milk cows on the Long farm east of Arlington were found dead, and immediately the family suspected that they had been poisoned.

It is charged by them, that owing to a law suit over a farm of some eighty or ninety acres, which was filed in the Rush circuit court about two weeks ago, that the dastardly deed was committed by some of the heirs interest-ed.

Dr. T. J. Todd, veterinary of this city, was called and made a post mortem examination on the animals. It

did not take him long to learn that the cows had been poisoned with strychnine. A large quantity of the poison was found by the doctor in the watering trough where the cows drank. In addition to his analysis work, Dr. Todd volunteered his service as a detective, and he says with the aid of the druggist who sold the poison, he will be able to hand the guilty party over to the authorities.

Dr. Todd says that soon after he arrived on the scene and before he had made an examination, a party approached him saying: "Too bad, four nice cows like these would be poisoned with strychnine." This was before anyone was aware that such was the case.

The veterinary says there was a large quantity of the poison in the trough—more than the average druggist keeps in stock—and for that reason the identity of the guilty party could easily be learned.

One who is under suspicion was seen in the neighborhood Friday night.

Dr. Todd has notified State Veterinary Kestring, of Lafayette, and that official will come here to assist on the case.

WATSONGRAPHS

(Spiceland Tribune.)

More than a year ago the editor of the Tribune wrote Mr. Watson a letter urging him to become a candidate for Governor of Indiana and the fact that he has now decided to actively enter the race is gratifying indeed.

(Ft. Wayne Sentinel.)

Jim Watson is much favored as a candidate for Governor, because he is an orator of fine parts. Very well. The Democracy will match the Hon. Tom Marshall against him at that style of campaigning and give rather heavy odds on the result.

(Columbus Republican.)

Jim Watson will make an aggressive campaign for the nomination, and the other excellent gentlemen who have announced will have to hustle some to finish ahead of the Rushville man. It will be remembered that his middle name is "Eli."

(Rochester Republican.)

Jim Watson is one of the old stage horses on the party thoroughfare, an experienced campaigner, a thorough Republican and a gentleman well qualified to bear the high honor he seeks, as well as acceptably to serve the Hoosier commonwealth. But he will have a strong competitor in the north end of the State, from whence no gubernatorial honors have been drawn, and the people of this section are asking for recognition.

(South Bend Tribune.)

Congressman Watson has made formal announcement of his candidacy, and that means that he is in the race to stay to the finish. Inc

No. 242 Main St.
Calls Answered Day or Night.
Phones 51 and 231, Rushville, Ind.

It would not be surprising if the situ-

tion in the Second should encourage
others to enter the race for lieutenant
governor. The talk favorable to Henry W. Marshall of Lafayette is increasing,
although he has not encouraged it. Speaker Branch may now get into
the running, although he still has the
"bee" to become a congressional can-
didate in the Fifth district. It is not
probable, however, that the list of en-
tries for the place will close much
before the mid-winter love-feast of the
party during the holidays.

Ex-Congressman Robt. W. Miers of Bloomington is again spoken of as the probable nominee of the Democrats of the Second district. He stepped aside a year ago to give Cyrus E. Davis of Bloomington a long-desired opportunity to run. Davis was beaten and Miers' friends are now insisting that he shall have another trial. Miers carried the district in four elections and lost out in the Roosevelt landslide. He is said to be as popular as ever and anxious for an opportunity to regain lost ground. It is said to be the hope of the Miers men that so many other candidates will get into the running that neither will have enough followers to win. Then the convention might be expected to take up the old "war-horse" and place his name at the head of the ticket. There are indications, however, that Miers will not have easy sailing. Gilbert Hendren, he of the Bryanesque figure and countenance, has taken charge of Davis' interests and is determined to nominate him. Davis believes he can win if he is given another chance at Chaney. Knox county may have two Democratic candidates for congress, as Royal Purcell and William A. Cullop of Vincennes, are ready to make the race. Alvin Padgett of Washington, the district chairman, is also in a receptive humor. Hendren has planned a coup on Miers and the rest of the opposition by inviting Bryan to Bloomfield to speak next Wednesday. It is understood that an effort will be made to have the "peerless one" designate Davis as the real Bryan candidate and to give him such a boost that he cannot be overcome. Bryan's visit to Bloomfield will be made the occasion of an enthusiastic reunion of Second district Democrats. John W. Kern of Indianapolis will accompany Bryan to Bloomfield.

These yearly meetings are New England, Baltimore, New York, North Carolina, Indiana, western Iowa, Kansas, Wilmington, Oregon and California. Fraternal delegations will be present also from Philadelphia, Canada and Ohio yearly meetings, and it is expected that one or more of these bodies will become sufficiently attached to the five years' meeting at this session. Fraternal delegates also will be present from two European bodies of Quakers—London yearly meeting and Dublin yearly meeting—while it is expected that from several other foreign points, possibly Norway and Denmark, there will be native Friends who will come to extend greetings from their brethren abroad and to witness the proceedings of the American Friends who, as for more than a century past, have been leading in the work of this particular Christian denomination.

Senator Oscar Bland of Linton is thinking seriously of becoming a candidate for the Republican nomination for congress in the Second district. He has been making inquiries of the party workers there recently as to whether or not they believe the time is ripe to defeat Congressman John C. Chaney. Senator Bland is young and has not figured extensively in state politics. His name is attached to the two-cent fare law enacted by the legislature last winter. The prominence he gained in connection with that reform is said to have convinced him that he is destined to shine in a larger field, so he has set about to defeat Congressman Chaney. The latter is the first Republican to carry the Second in many years. He is aggressive and is said to be making good with a majority of the party workers in the counties he represents. He has been unfortunate, however, in settling some postoffice disputes which may cause him some trouble. Senator Bland has not made an announcement as to what he intends to do, but it is expected that he will say something within a very short time.

When the news of their conviction
reached Rogers his reason began to give way.

A GREAT MEETING DEER ARE DYING

Quakers to Hold Most Important
Gathering In Half Century
This Month.

RICHMOND IS THE PLACE

Delegates From Foreign Countries
Expected to Visit the Indiana
City Next Week.

Second Quinquennial Session of the
Five Years' Meeting of Friends
In America.

Richmond, Ind., Oct. 7.—What un-
doubtedly will be the largest as well
as the most important gathering of
American Quakers during a half cen-
tury will be held in this city from Oct.
15 to Oct. 22, inclusive.

The occasion will be the second
quinquennial session of the five years'
meeting of Friends in America, the
body which is the legitimate successor
of the quinquennial conference, and
which has added powers and distinctions
as compared with the latter body, which passed into oblivion simulta-
neously with the birth of the five years'
meeting at Indianapolis in 1902.

Of the fourteen great divisions of
Quakers on the American continent,
each being designated as a yearly
meeting and having jurisdiction over
subordinate bodies designated as quarterly
and monthly meetings, all will be
represented at the coming session,
and eleven of them will be identified
with the five years' meeting in an of-
ficial relation.

These yearly meetings are New England,
Baltimore, New York, North Carolina,
Indiana, western Iowa, Kansas,

Fraternal delegations will be present
also from Philadelphia, Canada and
Ohio yearly meetings, and it is ex-
pected that one or more of these bodies
will become sufficiently attached to
the five years' meeting at this session.

Fraternal delegates also will be
present from two European bodies of
Quakers—London yearly meeting and
Dublin yearly meeting—while it is ex-
pected that from several other foreign
points, possibly Norway and Denmark,
there will be native Friends who will
come to extend greetings from their
brethren abroad and to witness the

who, as for more than a century past,

NOT UP TO CONTRACT

Company That Furnishes Government Envelopes in Trouble.

Washington, Oct. 7.—Postmaster General Meyer has suspended the payment of all moneys due from his department to the Hartford Manufacturing company of Hartford, Conn., and

has submitted the matter to the attorney general for such further action as may be deemed proper. The Hartford Manufacturing company up to July last supplied the stamped envelopes and newspaper wrappers sold at postoffices. Chemical analysis of samples has disclosed the fact that the composition of the envelope paper has been below the requirements of the contract, and according to the computations of experts, the company has in the last four years wrongfully benefited to the extent of about \$425,000.

Great Britain Willing.

Tangier, Oct. 7.—The release of Capt. Sir Harry MacLean, who for some time has been held captive by the bandit Raisull, at last seems to be within measurable distance. On the best possible authority the acceptance by the British government of Raisull's reduced terms for MacLean's release, the principal items being \$150,000 ransom and British protection for Raisull and his family, is stated as a fact. Great Britain's advance of the ransom will be guaranteed by Sultan Abd-el-Aziz. Sir Harry MacLean's brother is now at Rabat, bringing the negotiations with the sultan to a close.

Anxious Settlers.

Pierre, S. D., Oct. 7.—Trains are bringing enormous crowds of land-seekers who utilize anything from wagon to automobiles to go to the Lower Brule country, to be opened to settlers this week. The drawing began today with a large attendance.

A Great Roast!

Over a ton of Arbuckles' Ariosa Coffee is roasted at a time, in a large revolving cylinder, which drops the coffee through heat again and again until each bean is uniformly roasted.

No other coffee is in sufficient demand to afford such scientific and perfect preparation.

The sales of Arbuckles' Ariosa Coffee exceed the sales of all other packaged coffees combined, and this scientific roasting, which no other coffee can afford, by its very magnitude, reduces our cost to a minimum, and enables us, with our other advantages, to give better value in Arbuckles' Ariosa Coffee than is possible for any one else.

Arbuckles' Ariosa Coffee is the cheapest good coffee in the world, and the best of all for you.

The Rush County Fair Association will hold their annual meeting on Saturday, October 26th, and a full attendance of the stockholders is desired. Every stockholder in the association should show enough interest in this institution by lending his presence.

Columbus Republican: James E. Watson, who wants the Republican nomination for governor, arrived from Rushville Saturday morning and was taken in charge by Lieutenant Governor Th. Miller, who also wants to be nominated for governor. The two men visited up and down Washington street a portion of the afternoon and Mr. Miller introduced Mr. Watson to practically every man, woman and child in sight.

John Holmes, of West Fifth street, who has been quite ill is somewhat improved.

Shelbyville News: The W. R. C. of Rushville, is preparing for a big district meeting of the order Wednesday. The Shelbyville delegation, it is believed, will be a large one.

A large palm broke into the show case at Maud Reed's millinery store Saturday evening, smashing the case, causing quite a little excitement among the lady shoppers who were in the store.

Greensburg Graphic: A merchant who advertised "come and see the pretty things we have in ladies' hose," had many visitors who went away disappointed because they found the hose were empty.

The Pure Food Inspector, who is "scheduled" to arrive in Rushville soon, caused one of the slaughter houses at New Castle to be closed last Friday, and forbids its further use for the purpose intended.

Greensburg Graphic: A Rushville paper says that the new \$10 bill is very beautiful. To us any kind of a \$10 bill is beautiful. The "V" left us the other day by a delinquent subscriber didn't look ugly if it was a little soiled and torn.

A committee of Shelbyville business men will go to Philadelphia and try and induce the Baldwin Locomotive Works to locate their Indiana branch works in that city. New Castle is playing the part of "I saw it first," and may be successful in locating it.

New Castle will be overrun with horse thief detectives from surrounding States today and tomorrow. The occasion is the annual national convention of the association which has existed for the last 48 years. Almost 1000 delegates from Ohio, Indiana and Illinois are present.

Tax payers are beginning to pay their fall installments. No rush has yet been experienced in the treasurer's office, but callers come in pretty steadily and the receipts grow daily. The first Monday in November is the last day for payment.

Breathe Hyomei's Tonic Healing and Be Cured of Catarrh.

Nature has a remedy for catarrh, a treatment that is far better than dosing the stomach with medicine. It is the healing oils and balsams of Hyomei which mediates the air you breathe, reaching the most remote air cells in the nose, throat and lungs, killing all catarrhal germs, and restoring health to the mucous membrane.

In using Hyomei you are treating your catarrhal troubles with the only natural remedy, for it gives a curative air bath to the air passages that has as powerful healing and antiseptic effect as that found in the mountains where the pine forests give off their fragrant and healing balsams.

Breathe the invigorating and healing Hyomei, and see how quickly you will get relief from your catarrhal troubles.

Johnson's Drug Store has seen so many cures, even of the worst cases of catarrh, with offensive breath, rising mucous frequent sneezing, droppings in the throat and spasmodic coughing, that they feel warranted in selling Hyomei under an absolute guarantee, to refund the money if it does not do all that is claimed for it. They take all the risk.
